PULSE SUCTION VIBE  
INSTRUCTION MANUAL

## GETTING YOUR NEW NOBÜ STARTED

- Be sure to Fully charge your toy before First use.
- Press and hold any button to turn ON.
- Press "☺" For suction intensity. Hold to turn OFF suction Function.
- Press "⌚" For pulsating intensity. Hold to turn OFF pulse Function.
- Press "⚡" For various vibration Functions. Hold to turn OFF vibration Function.
- Make sure all LED lights are OFF before storing.

## CHARGING YOUR NOBÜ

- When the vibrations become weak or stop but the LED light is still on, it is time to re-charge your toy.
- To begin charging your toy, attach the magnetic end of the charger to your toy's charging port, ensuring that the magnets line up with one another.
- Insert the other end of the recharging cord into any USB socket. The LED light will blink to indicate when the toy is recharging.
- After 2 hours, when the toy is Fully charged, the LED light will remain on.

## PLEASE NOTE

• Your nobü toy is not classified as a medical device. Do not use your toy around your chest or throat area. If you experience severe discomfort during use, stop using your nobü toy and consult your healthcare provider immediately.
