RÄJA

■ ■ THRUSTING DUAL VIBE
INSTRUCTION MANUAL

GETTING YOUR NEW NOBÜ STARTED

- Be sure to Fully charge your toy before First use.
- Press and hold any button to turn ON.
- When the device is on, promptly press "☹" for various suction Functions.
- Promptly press "||" for various thrusting Functions.
- Promptly press "W" for various vibration Functions.
- To turn OFF, press and hold each button until the LED light turns off.

CHARGING YOUR NOBÜ

- When the motor becomes weak or stops but the LED light is still on, it is time to re-charge your toy.
- To begin charging your toy, attach the magnetic end of the charger to your toy's charging port, ensuring that the magnets line up with one another.
- Insert the other end of the recharging cord into any USB socket. The LED light will blink to indicate when the toy is recharging.
- After 2 hours, when the toy is Fully charged, the LED light will remain on.

PLEASE NOTE

• Your nobü toy is not classified as a medical device. Do not use your toy around your chest or throat area. If you experience severe discomfort during use, stop using your nobü toy and consult your healthcare provider immediately.

CLEANING, SAFETY AND STORAGE

• Wash the silicone section of your nobü toy with warm water and nobü antibacterial toy cleaner for best results. Never use cleaners that contain alcohol, petrol or acetone.

• Be sure to rinse your toy with hot water after cleaning and pat it dry with a lint-free cloth or towel.

• Store your nobü in a clean, dry and dust-free place. Avoid leaving it in direct sunlight and NEVER expose it to extreme heat.
